The Honorable William J. Casey
Director
Central Intelligence Agency
Washington, D.C. 20505

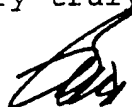

Dear Bill:

Thank you for your letter of February 25 describing the CIA's continuing efforts to strengthen its biographic intelligence program. As my staff has on several occasions drawn on the information provided by this program in preparation for negotiations with foreign officials, I agree that this program is of high importance and should continue to be strengthened.

STAT

I appreciate all of the raw and finished intelligence reporting provided by the Agency during my years as the U.S. Trade Representative. I have been impressed by the Agency's high quality of work, and I look forward to continue to draw upon this material as I move on to the Department of Labor.

Very truly yours,

WILLIAM E. BROCK
